

# TREND-SETTERS

DISCOVER HAIR TO DIE FOR WITH THE DREAM TEAM AT THE INTERNATIONALLY ACCLAIMED BLOWWAVE BAR.

EACH YEAR CLIENTS fly from as far as Italy to treat their tresses to some TLC at Brisbane's stylish Blowwave Bar. There's a point of difference that has earned this small and personal salon a fiercely loyal following. And if you spend a few moments chatting to the stylists (particularly passionate owner Leanne) it's easy to see why.

Having styled the hair of some of Hollywood's most famous, Leanne believes time spent researching quality products, an inside fashion knowledge, care and expertise, is the ultimate unique touch that has won the salon so many

accolades and a reputation for top hair repair work.

Each of the experienced stylists is renowned for bringing brittle hair back to life (a God-send in Queensland's harsh climate), as well as providing exceptional service and on-trend styles.

Head stylist Hilda brings extensive experience and talent to the table - specialising in cut, colour, up styles, extensions, makeup, eyelashes and brows (she does it all). Senior stylist Daniel exudes exceptional cutting talent that has earned him acclaim overseas and locally. Master colour technician and salon manager Zachary has over

20 years of experience in the industry and has a rare knack for hues that has earned him a top reputation.

With such impressive resumes accompanying each of the stylists it's easy to see why the Blowwave Bar is truly a firm favourite. "We pride ourselves on quality of work and we have outstanding staff that are highly skilled – just go online to see the credentials," says Leanne.
